WHOLESALE NURSERYMEN

DUNN, NORTH CAROLINA

A Word To The Friends and Customers Of The Dunn Evergreen Nursery:

We wish to express our appreciation of your most favorable patronage during the past years and to extend our appreciation on future relationships with you.

Our lining-out stock this season is far above average, we urge you to stock up, especially on our Cedrus Deodara. We have the finest lot of lining-out Deodaras we've ever grown in 1 and 2 year plants. Due to the warring conditions in the European countries there will be a shortage in Nursery stock that is grown from seed imported from abroad.

Practically all the Cedrus, Photina and Holly seed and a good many others come from other countries. Europe is cut off and it is very doubtful that any seed will be shipped from abroad this year. So before our stock is exhausted, replenish your stock for the Boom that is sure to follow the wars. Be prepared to get your share of the profits in the Nursery business. We will be pleased to serve you.

Our motto is: Quality, Service, Reasonable Prices. On these conditions we solicit your orders, and with every good wish, we remain,

Yours very truly,

DUNN EVERGREEN NURSERY.

NOTICE:—A sample of lining-out stock \$1.00 postpaid. Where a customer who receives a sample, mails us an order for \$20.00 or more we will give the customer credit for \$1.00 in lining-out stock.

NOTICE TO CUSTOMERS
